Councillor Debbie Billen (DB)

Councillor Jane Curry (JC)

Councillor Helen Jones (HJ)

Councillor Chris Wardle (CW)

In attendance:

Clare Smith (Clerk)

Dorset Councillor Neil Eysenck (NE)

Members of the public: 4

24/11-1. Public Democratic Forum

Member of the public thanked councillors for taking up and performing their roles. They also thanked NE for being involved in parish meetings.

The same person detailed the expenses the village church is facing. They asked that these be taken into account when the church's grant application was considered as the churchyard is a benefit to the community.

They went on to ask if medicine blister packs can be recycled for metal at the tip (household recycling centre). They were advised the village Post Office has a collection point for such items.

ACTION: clerk to check with Dorset Council (DC) Waste Services and report back.

They also asked how much it costs DC to clear fly tipping as they felt charges at tips would lead to an increase.

ACTION: NE/clerk to find out and report back but NE stated DC can only clear fly tipping on council owned land.

To end they asked how to report fly tipping on unnamed roads. They were advised to use the map on the form for reporting fly tipping on the DC website or to use the what3words app or website as this is also used by DC Highways.

Another member of the public asked who was responsible for clearing discarded hedge cuttings after DC Highways have cut hedges. They also wanted to know where claims for damages resulting from the cuttings should be directed.

ACTION: clerk to check responsibility with DC Highways and report back.

The same person asked if a community litter pick could be started and volunteered to lead it. They felt a litter pick was sometimes needed, particularly on Toller Lane.

ACTION: clerk to canvas opinion of parishioners and report back.

24/11-2. To receive apologies for absence

Apologies received and accepted for councillor Steve Hodson.

24/11-3. To receive declarations of interest or any grants of dispensations

24/11-6. Matters arising from minutes of the last meeting for information only

None arising.

24/11-7. Dorset Council report

NE informed council that Dorset Council's (DC) deficit is £13 million and not £10 million as previously reported due to increased costs of adult social care. DC receives £300 million in council tax plus income from car parking and other fees that leads to an annual turnover of £1 billion. DC is trying to get back on track and its hoped efficiency savings will make a difference. It does mean hard decisions are looming for all departments.

Frustration on how the Big Conversation events were managed has been understood. The draft DC plan is out now and will be discussed at cabinet in November and voted on in a full council meeting in December 2024.

Cabinet Portfolio Holders plan to provide quarterly updates on work and changes in each of their areas. NE will provide TPPC with a link to the updates and DATPC will also cascade the updates to member councils. NE encouraged all to read the updates as they are a valuable insight into the key themes and focus of the administration.

Winter preparedness is of great concern, particularly around flooding. DC's Flood Team has advised DC that groundwater levels are already very high and there are worries that springs that usually surface in January and February could do so in December. NE is encouraging everyone to check that plans are in place in case of flooding and to ask him for assistance if necessary.

NE asks that responses to planning applications, whatever the actual response, always include a comment that lists material considerations whether these are positive or negative. DC's Head of Planning is drafting guidelines for local councils to help with this. NE highlighted the importance for parish council to clearly state whether they support or object to an application. Under rules of the Scheme of Delegation, only responses that directly contradict the decision of a Planning Officer can be reviewed to see if further consideration at committee level is required. Without a support or object statement it is unlikely there would be recourse for any parish council to disagree with the Planning Officers recommendation at a later date.

ii. Environment including Rights of Way

CW and NF attended a workshop event held by Dorset National Landscape (previously Areas of Outstanding Natural Beauty or AONB). It was an interesting event but both councillors were frustrated by the lack of advice about the Maiden Newton Trailway. Maiden Newton Trailway update: meetings are taking place with all involved to progress the project and it is accepted by Dorset Council that both Toller Porcorum and Maiden Newton and Frome Vauchurch parish councils want the trailway in place. NF thanked NE for his work and support on the Trailway. NF noted the speed of completion of works by Dorset Council's Rights of Way on issued reported.

Nothing to report from the Patient Participation Group.
